Council of UofA Research Libraries (CUARL)

Mission Statement

The mission of the Council of University of Arkansas Research Libraries (CUARL) is to promote, share, and expand library resources and services in order to advance learning, teaching, research, and creativity in the state and beyond.

Goals (2011-2012)

The goals of the Council include the following:

- Enhance collection development through shared resources and, whenever possible, through group discounts on electronic resources.

- Expand public access to selected unique digital collections and archives.

- Develop a program to explore fundraising opportunities, including grants from foundations and corporations. Share the information and cooperate on fundraising opportunities for joint projects.

- Promote the use of the K-12 Education Portal.
