Accessing Information after Graduation

6/5/17

University Libraries

Alumni can log in to library computers with a guest account (depending on availability of computers).
Members of the Arkansas Alumni Association have ILL privileges.
Please see Alumni Services for more information.

Public Libraries

Your local public library may also provide database access.
For example, the Fayetteville Public Library provides access to ProQuest and Academic Search Premier, among other subscription resources.
Public libraries often provide inter-library loan services, though some may charge a small fee.
